**TREASURER'S REPORT**

- Outstanding bills: GHS yearbook ad, charter/insurance

**COMMUNICATIONS REPORT**

- Still waiting on invoice from school for yearbook ad
- Registrations have started to come in. Fee structure did have to change from what was originally planned. Things are set up with % off for multiple players. In order to do early bird discount, have to manually change price since multiple discounts cannot be applied at once. Had issues setting up registration in sportsengine due to our fee structure and their capabilities. Would like to explore other options for future seasons or completely change fee structure to accommodate what is possible.
